

ERMAN YACHTING

DESIGN OF NOBILITY

2014

100% Bespoke & Tailored Hand Made Custom Building

INTRODUCTION / APPROACH

ERMAN YACHTING is hand made custom boat builder in Istanbul, Turkey.

Company builds 34 ft-80 ft Lobster boats, Trawler boats and personalized lux Motor yachts.

Since 2005, by very experienced building team and management, in domestic and mostly by worldwide sales network, special design, standard and customized models have been built for highest pleasure and satisfactions for clients.

All boats are GRP fiberglass polyester based and build as newest building methods as composit, infusion and monolithic hand lay up systems. Depends to building classification and standards, composit vacuum, monolithic vacuum, epoxy vacuum infussion, lamination, vinelester and foam systems are applied by our professional team.

The electronic, electric, plumbing, mechanic, interior decoration, exterior decoration, modelling, stainless steel chrome, wood, textile, leather, polyester, montage and design works in all building phases perform synchronously until finish.

The best wellknown international components and accessories (Raymarine, Garmin, Fruno,Yanmar, Cummins, Volvo, MAN, CAT, Cantalupi, Savoretti, Osculati, Onan, Kohler,Besenzoni, Opakmare,..) accompany to our built yachts.

STYLE, COMFORT, PLEASURES and SATISFACTIONS

Our all building phases are realized according to client's desire and requirements. All exterior-interior designs, decoration styles, colors, material selections and style have been built how client's wish. Our all boat building philosophy supported the "customer focus", for their satisfaction and maritime enjoys. Our clients may inspect each level of their boats in building. We are glad as a company to make them happy to finish a boat for them how they prefer / the way how they want to have.

As conscious highly about importance of clients' desires and demands onto us, All boats are finalize upon clients' directions in each details for their perfection approach. We know that each client have their own yachting and design pleasure and with respecting these approaches, We design each details under consideration of our satisfaction policy.
